15th SUNDAY IN ORDINARY TIME - HARDENED HEART CONDITION

"One day a farmer went out sowing. Part of what he sowed landed on a footpath,
where birds came and ate it up." —Matthew 13:4

When rain and snow come down and water the earth, they make barren ground fertile, and fertile ground fruitful (Is 55:10). This fertile ground produces seed used for next season's planting or for making bread (Is 55:10). God's word is like that (Is 55:11). It does not return void but achieves these four ends — fertile ground, fruitful ground, seed, and bread (Is 55:11).

God's word will upgrade the soil of our hearts. Hardened footpaths or rocky ground (Mt 13:5) can be transformed into rich, fertile, and fruitful ground. In our times, this is the most practical effect of God's word. For a small minority of American Christians, the word of God is falling on open hearts, seeding and feeding our lives. But most Christians have hardened their hearts through sinful lives of selfishness and materialism (Ps 95:8). We need God's word to be used like salt thrown on icy blacktop. We need to create potholes in our hardened hearts and change rocks into soil.

One of the most practical and important Bible verses for American Christians with a hardened-heart condition is: "Thus have You prepared the land: drenching its furrows, breaking up its clods, softening it with showers" (Ps 65:11).

Let us Pray: Father, send Your word to melt me (Ps 147:18).

Church's Foundation for Devotion to Precious Blood of Christ

First letter of St. Peter, verses 18-19. Says Peter: "You know that you were redeemed from the vain manner of life handed down from your fathers, not with perishable things as silver or gold but with the Precious Blood of Christ as the Lamb without blemish and without spot." Unquote Peter.

There are certain words and phrases in the revealed statement that we have just read that we should begin to unravel in order to understand something of the depth of meaning behind those two simple words, Precious Blood. Peter begins by reminding the faithful to remember the hardest thing in this life for us is to remain mindful of the truths of faith. Because what we believe on God's revealed Word is twice removed from the common experience that we have in this world. What we believe is first of all not immediately perceptible to the senses. Moreover, what we believe is not even penetrable to the naked reason. The word, remember, is an imperative: keep in mind. Arouse your faith in what and how you were redeemed. And it is the how we were redeemed that is the foundation stone of the mystery of the Precious Blood. God took on a human nature so that in that human nature He could die. In order to die, the soul had to separate from the body. But for the Body to have the soul separate, the body itself had to be deprived of His Blood. Theologically speaking and physiologically speaking, the All-Holy Son of God who became Man to redeem us could only have died by being drained of His Blood. Christ, listen, could not have died of some disease. Christ could not have died because of some mortal illness. All illness, disease, the natural debilitating of the body is the result of sin. Let me emphasize this. All our illness, our disease, our sickness, our wasting away of our body for all of us this is our faith - is the result of our sinful nature. Not so with Christ. That draining of the human body of His Blood was the one way that Christ, Sinless Son of God and Son of Mary that He was, the one way that He could die.
